

One Series L.A. Lady Overdrive

Product # SA244

Inside the L.A. Lady Overdrive's compact housing live the archetypal tones of over 50 years of overdrive and fuzz technology. Out of the box the pedal features three amazing overdrive tones including the sought after “Marshall in a box” sound, an punchy drive synonymous with contemporary Texas blues, and a tube amp inspired engine that delivers a range of drive levels, from warm and chunky low gain to screaming lead gain. Connect the L.A. Lady to the Neuro Desktop Editor or Nuero Mobile App (free downloads iOS, Android, Mac, and Windows) and access a massive collection of additional overdrive, fuzz and distortion tones with extended parametric EQ capabilities, stereo routing options, and internal stacking functionality.

One Series L.A. Lady Overdrive Features & Specifications

- **3 Overdrive Circuits:** *Classic* – Modeled after vintage Marshall pre-amps / *Smooth* – Modeled after vintage Mesa-Boogie pre-amps / *Crunch* – A warm tone with extreme drive capabilities.
- **Stereo Input and Output jacks** – Useful for relaying stereo effects or signal splitting.
- **Universal Bypass** — Select either analog buffered or relay based true bypass.
- **MIDI Capable** — Connect the L.A. Lady Overdrive to the Neuro HUB and enable its MIDI functionality. Save up to 128 user presets, accessible via MIDI program change messages. Assign Hot Hand and expression control to any knob parameter.
- **Neuro Mobile App. (for iOS or Android)** – Connect your mobile device directly to the pedal for access an extended equalization possibilities. Save and download customized effects to the pedal and share them with other One Series owners. Connector cable included with pedal.
- **Dual Processing** – Dual processors and dual Inputs and Outputs make it possible (via the Neuro App) to split one signal and apply a different overdrive circuit to each output or blend two overdrive circuits to a single output.

- **Download Additional Distortions** – Choose from Source Audio's free library of overdrive, fuzz, and distortion algorithms. Download them directly to your L.A. Lady via the Neuro Mobile App.
- **Expression Control** — Connect the Hot Hand 3 Wireless Effects Controller, the Source Audio Dual Expression Pedal, or the Reflex Universal Expression Controller via the 1/8" Control Input port for external control of any knob parameter.
- **USB port** – connect the L.A. Lady to Mac or Windows systems for simple firmware updates.
- **Brushed anodized aluminum housing** - Dimensions: L: 4.5 in./11.4cm x W: 2.75 in./7cm x H: 2 in./5.1cm (including knobs)
- **Includes 9v DC power supply** - 300mA / Negative tip / Pedal draws 150mA.
